

**doublestem** line

# High-Performance Quick-Closing Valve

- ✓ Suitable for liquids, gas and steam
- ✓ Bellows-sealed  
(acc. to operating conditions)
- ✓ Spring-loaded -  
no auxiliary energy required
- ✓ Large nominal diameters  
up to DN 200
- ✓ Independent from effective  
operating pressure through  
 **doublestem**  
technology
- ✓ Compatible  
with **ARMATUREN WOLFF**   
quick-closing valve  
control systems
- ✓ Lean mechanics  
for long service life  
and low lifecycle costs  
(LCC)

**Reliable  
emergency shutoff under  
extreme operating conditions:**

**High operating pressure**  
up to 30 bar (eff.)

**High media temperatures**  
up to 400°C

**Dangerous media**  
(flammable, aggressive,  
toxic, etc.)

## Actuation by

- hydraulic,
- pneumatic,
- electric or
- manual impulse

*innovative technology*  
**ARMATUREN WOLFF**   
*pending patent application*
